

Frog's Picture Frame

Find the area of the picture frame by adding four trapezia *and also* by subtracting two rectangles. The job is not complete until you have both methods beautifully set out and two answers differing by no more than 1cm².

| | |
|-------|-----------------|
| A | |
| B | |
| C | |
| D | |
| TOTAL | cm ² |

Area = outer rectangle - inner rectangle

= × - ×

= cm²
